

Proposal for writing the draft of the 2km proposal

- The next T2K meeting will be in early March.
 - Around that time the T2K collaboration must submit a full T2K proposal.
 - Included in that proposal will be an appendix describing the 2km detector complex.
- We would like to have a 1st draft done by mid February.

Proposed Editing Procedure

- The main editing team will be C. Walter, A. Rubbia, T. Kajita.
- C. Walter will make initial outline available in CVS and do overall organization
- The editing team will construct the overall structure of the draft, and also ask people to write parts of the proposal.
- This will also help to define what studies need to be done.
