

NuSAG Update

- Answers submitted on July 27th. They are posted at:
<http://www.phy.duke.edu/~cwalter/nusag>
- Most answers came from the 2KM proposal but new work was added to the answers including the beam turn on profile and the sensitivity studies from Dave and Jessica.
- The answers to the general questions were coordinated with the 280m group.
- No feedback yet from committee
- Next NuSAG meeting will be Sept 6th and 7th .
